# Southwest Preschool

## Mission Statement

Seattle Parks and Recreation will work with all citizens to be good stewards of our environment, and to provide safe and welcoming opportunities to play, learn, contemplate and build community.

## Southwest Preschool Philosophy

This popular preschool class focuses on fun and exciting ways for children to interact with each other. Activities include music, arts and crafts, games, story time, creative play and introduction to phonics. This is an excellent place to prepare your child for kindergarten. We value play as an important medium for learning. We have built up a broad range of developmental goals with the focus on play. This program will provide children with the play experiences that empower them to develop and gather their own knowledge!
